Dear Resident:

We hope this letter finds you and your loved ones safe and healthy. The past several months have, undoubtedly, been some of the most life-changing months we've seen in modern times. The looming threat of the COVID-19 virus has taken this country, and our state, by storm.

If you have been financially impacted by COVID-19, we would like to encourage you to seek out resources offered by federal, state and local governments to secure financial assistance, food, healthcare etc.

If you have not been affected by COVID -19 and have an outstanding rent balance, we kindly ask that you remit your rent payment. We are all in this together. Our residents and our employees are all part of the Garden Communities family. We are thankful for each employee working hard keeping your community operational and all they continue to do to prepare for and mitigate the negative consequences of the COVID-19 outbreak. We rely on your rent payments in order to maintain your community, the place you call home, to pay those workers that you have come to rely on. Rental payments are essential for community stability and safety, which is most needed right now.

We sincerely hope that you and your family remain safe and healthy.
